Firm profile

Quisumbing Torres provides a global reach, working with other member firms of Baker & McKenzie International

Fluency across borders

Our clients want a new breed of lawyers with excellent technical skills who can look ahead to help them navigate a constantly changing world. It means having lawyers who can anticipate what is coming next and are comfortable with business level discussions. Baker McKenzie more than meets these challenges.

Geographic initiatives

Drawing upon our global expertise and a strong network of leading local firms, we are able to help our clients navigate Indian markets as well as newly opening markets in Asia and Africa.

Our fluency in working across borders, issues and practices allows us to simplify legal complexity, foresee risks others may overlook and identify commercial opportunities that many miss. This makes us advisers of choice to some of the world's leading multinational corporations.
